

## Resume

**Name:** Ms. Nguyen Thi Thu Huong  
**Address:** Research Center for Forest Ecology and Environment  
Forest Science Institute of Vietnam  
Chem, Tu Liem, Hanoi, Vietnam  
**Email:** huong\_nguyen14@yahoo.com  
**Phone:** +(84-4) 8389434

**Education** 1998-2001: MSc. Degree. Hanoi National University. Department of Biology. Vietnam.  
1992-1996: BSc. Degree. Hanoi National University. Department of Biology. Vietnam

**Other Training:** October, 2001. Training course on Conservation of Biodiversity and Forest Plant Genetic Resources. Forest Science Institute of Vietnam (FSIV) – APAFRI-CIDA-TREE LINK Project, Hanoi, Vietnam.

August, 2003. Training course on Biotechnology in Forestry. ASEAN-Korea Environmental Cooperation Project (AKECOP), Korea.

August, 2005. Training course on Understanding complex resource management issues in their real world context: Case study approaches to reasearch. The University of Queensland, Australia.

October, 2005. Training course on ArcGIS. The University of Queensland, Australia.

**Key Qualification** Forest ecology; Plant physiology; Plant biodiversity; Resource Management in Forestry

<b>Languages:</b> English:	Reading	Writing	Speaking	Listening
	Good	Good	Good	Good

### Research Interest

Research in centered on forest ecology and resource management.

### Research Activities

**Project:** Research nutrient and water demands of *Acacia hybrid* (*A.mangium* x *A.auriculiformis*) and *Eucalyptus urophylla* in nursery and young forest periods.

**Time:** 2000-2003

**Position:** Plant physiologist/Main collaborator

**Duties:** Survey, establish experiments, collect data, analyse data and prepare report

**Project:** Research and build procedures of fertilizing techniques to apply for plantations of four species under 5MHRP

**Time:** 2002-2003

**Position:** Plant physiologist

**Duties:** Survey, collect data, analyse data and prepare report

**Project:** “Assessing impacts of some main exotic species plantations on soil environment in Vietnam”

**Time:** 2001-2004

**Position:** Ecologist/Main collaborator

**Duties:** Survey, establish experiments, collect data, analyse data and prepare report

**Project:** “Surveying and assessing impacts of rainforests on some environmental factors in the Central and the Central Highland of Vietnam as base for building environment criteria in forestry”

**Time:** 2003-2005

**Position:** Ecologist/Main collaborator

**Duties:** Survey, collect data, analyse data and prepare report

## **Publication and papers**
